Cost

\$2,054,000

Size and Type of Construction

Razed house and constructed a new three story, steel-frame structure. Interior appointments on the first floor bank include custom mahogany doors, tellers desks, millwork and bankers equipment. The second and third floor include tenant space for a Lawyer, Financial Consultant and Dental Surgeon. The exterior is wood clapboard with copper trim details. Site work includes sprinklered landscaping around the parking lot with a drive through window for the bank.
